

## Acknowledgments

The author thanks Tian-jian Wang for his work on the technical implementation of the WNM project.

Development of the *World Neuropterida Metakey* was supported in part by National Science Foundation (NSF) Partnerships for Enhancing Expertise in Taxonomy (PEET) grant #0933588 to the author. The National Science Foundation funds research and education in most fields of science and engineering. Grantees are wholly responsible for conducting their project activities and preparing the results for publication. Thus, the Foundation does not assume responsibility for such findings or their interpretation.

General in-kind support for Lacewing Digital Library projects has been provided over the years by the Department of Entomology of Texas A&M University, Texas A&M AgriLife Research, and the Texas A&M Libraries.
